### REFERENCE AND ADMINISTRATIVE DETAILS

#### Trustees and Directors

For the purposes of charity and company law and in accordance with the Association's governing document, the trustees of the charity and the directors of the company are certain executive officers of the Council of the Association. The trustees and directors that have held office since 1 January 2022 are as follows:

Professor Cyrus J Kerawala	<b>President</b> ( <i>from 1 July 2022</i> ) <b>Vice President</b> ( <i>to 30 June 2022</i> )
Mr Austen T Smith	<b>Immediate Past President</b> ( <i>from 1 July 2022</i> ) <b>President</b> ( <i>1 January 2021 to 30 June 2022</i> )
Miss Daljit Dhariwal	<b>Vice President</b> ( <i>from 1 July 2022</i> ) <b>President Designate</b> ( <i>to 30 June 2022</i> )
Mr Robert J Banks	<b>Honorary Treasurer</b> ( <i>appointed 1 January 2022</i> )
Miss Kanwalraj Moar	<b>Honorary Secretary and Company Secretary</b> ( <i>appointed 1 January 2022</i> )

#### The Council of the Association

The trustees and directors are assisted and advised by the other officers and members of the Council of the Association, who have held office since 1 January 2022, as follows:

#### Officers of Council

Ms Kathleen Fan	President Designate ( <i>from 1 July 2022 to 30 June 2023</i> )
Mr Kaveh Shakib	BJOMS Editor ( <i>appointed from 1 January 2019</i> )
Professor Peter A Brennan	Chair of Council ( <i>from 1 January 2020</i> )

#### Members of Council

Miss Nabeela Ahmed	( <i>from January 2022</i> )
Mr Alex Goodson	( <i>from 1 January 2021</i> )
Miss Anne Begley	( <i>from 1 January 2022 re-elected</i> )
Miss Elizabeth Gruber	( <i>from January 2022</i> )
Ms Jennifer Graystone	( <i>from January 2020</i> )
Professor Carrie Newlands	( <i>from January 2022</i> )
Miss Harpreet Ark	Associate Fellow ( <i>from 1 January 2022</i> )
Miss Jennifer Parrish	Associate Fellow ( <i>from 1 January 2022</i> )
Mr Suresh Shetty	Consultants and Specialists' Group Chair ( <i>from 1 October 2021</i> )
Mr David J W Keith	Consultants and Specialists' Group Deputy Chair ( <i>from 1 October 2021</i> )
Ms Divya Sharma	Fellows in Training Representative ( <i>from 1 January 2022</i> )

# THE BRITISH ASSOCIATION OF ORAL AND MAXILLOFACIAL SURGEONS

## FINANCIAL STATEMENTS

### YEAR ENDED 31 DECEMBER 2022

Ms Sirisha Duggineni	Deputy Fellows in Training Representative ( <i>from 1 January 2022</i> )
Ms Rhea Chouhan	Junior Trainees and Members' Representative ( <i>from January 2022</i> )
Ms Danielle Britton	Deputy Junior Trainees and Members' Representative ( <i>from January 2022</i> )

The principal address of the charity and the registered office of the company is the offices of the Association at The Royal College of Surgeons of England, 38/43 Lincoln's Inn Fields, London WC2A 3PE.

The charity is registered under the charity number 1062067, and the company is incorporated with the company registration number 03337359.

The trustees have made the following professional appointments:

Accountant:	Hardcastle Burton Chartered Accountants, 36 Dene Road, Northwood, Middlesex HA6 2DA
Auditor:	Buzzacott LLP, 130 Wood Street, London EC2V 6DL
Bankers:	Lloyds TSB Bank plc, Kings Cross Branch, 344 Gray's Inn Road, London WC1X 8BX CCLA Investment Management Limited, 80 Cheapside, London EC2V 6DZ
Investment Manager:	Cazenove Capital Management wealth management from Schroders, 12 Moorgate, London EC2A 6DA
Solicitor:	Hempsons London, Hempsons House, 40 Villiers Street, London WC2N 6NJ

The following key members of staff are responsible for the day-to-day management of the charity:

Ms Sarah Durham	Senior Administrator
Ms Susan Bailey	Assistant Administrator (retired in January 2022)
Mrs Danielle Bellanca	Assistant Administrator (from February 2022, previously Office Assistant)

# THE BRITISH ASSOCIATION OF ORAL AND MAXILLOFACIAL SURGEONS

## FINANCIAL STATEMENTS

YEAR ENDED 31 DECEMBER 2022

### STRUCTURE, GOVERNANCE AND MANAGEMENT

The trustees present their report and the financial statements of the British Association of Oral and Maxillofacial Surgeons (“The Association” or “BAOMS”) for the year ended 31 December 2022. The financial statements have been prepared in accordance with the accounting policies set out on pages 29 to 32 of the financial statements and comply with the Charities Act 2011 and Accounting and Reporting by Charities: Statement of Recommended Practice applying to charities preparing their accounts in accordance with the Financial Reporting Standard in the United Kingdom and Republic of Ireland (FRS 102).

#### Status and History

BAOMS is a registered charity, and a company limited by guarantee, not having share capital. Every member undertakes to contribute an amount not exceeding £1 to the assets of the charity in the event of the charity being wound-up during the period of membership, or within one year thereafter.

Oral and Maxillofacial Surgery originated in the United Kingdom as the surgical specialty of dentistry, developing from the need for specialist services to treat jaw injuries sustained by servicemen during the two World Wars. It soon became clear that the prevalence of civilian facial injuries in peace time was at least as great, largely due to the increasing use of motor cars and motorcycles.

The specialty of Oral and Maxillofacial Surgery evolved to meet the clear demand for treatment of an increasingly large range of pathological conditions of the face, jaws and teeth. The complexity of the specialty was reflected by a change of title from The British Association of Oral Surgeons to The British Association of Oral & Maxillofacial Surgeons in the year ended 30 June 1986.

The specialty Association was incorporated on 21 March 1997 and became a registered charity on 24 April 1997. BAOMS is governed by the rules and regulations set down in its company Memorandum and Articles of Association as last updated on 8 October 2021.

#### Organisational Structure and Key Management

The overall strategic direction of the charity is determined by the trustees, who are assisted and advised by the other officers and members of the Council of the Association.

The Council normally has 18 members, but additional individuals will be co-opted to attend for specific relevant matters. The Council meets four times a year. The Council members outside Chair, Deputy Chair and the Editor receive no remuneration for their work carried out on behalf of the Association. Travel expenses are paid for all members of Council, who carry out work on behalf of the Association on various committees and working parties in the United Kingdom and throughout Europe.

A Chair of Council is appointed by Council and holds office for a term of four years. The incumbent chairs the Council meetings and represents the Association on a number of committees. The role of Chair of Council is non-voting. The Chairman of Council shall be appointed in the first instance as Deputy Chairman of Council for a period of one year to run in parallel with the last year of office of the out-going Chair of Council.

# THE BRITISH ASSOCIATION OF ORAL AND MAXILLOFACIAL SURGEONS

## FINANCIAL STATEMENTS

YEAR ENDED 31 DECEMBER 2022

### STRUCTURE, GOVERNANCE AND MANAGEMENT (continued)

#### Organisational Structure and Key Management (continued)

The trustees consider that they, together with the Chair of Council and the Senior Administrator, comprise the key management of the charity in charge of directing and controlling, running and operating the charity on a day-to-day basis.

The Chairman of Council, being a paid role, is remunerated by the Association to the equivalent of two Programmed Activities (units of paid clinical time in the NHS), the equivalent of one working day per week on basic salary. This amount is paid direct to the employing Trust or Organisation in recognition of clinical time spent on Association business. The Deputy Chairman (when in post) is normally remunerated with half a working day per week, again based on basic salary, and paid to their employing NHS Trust.

The day-to-day administration of the Association is carried out by Ms Sarah Durham, the Senior Administrator. Ms Susan Bailey retired in January 2022 following almost 30 years of service. Mrs Dannielle Bellanca accepted a promotion to take on Ms Bailey's duties as Assistant Administrator.

Office space is rented from and based at the Royal College of Surgeons of England. Additional facilities, such as Human Resources advice, are 'bought in' from the Royal College of Surgeons of England, as and when the need arises. Post Pandemic the office team have continued to work in the office and from home.

Daily correspondence is dealt with by the office staff and copies are circulated to the trustees for comment and dissemination to Council as required. A detailed work plan is agreed annually between the Senior Administrator and the trustees, which sets out the major aims and activities for each year.

The Association's key goals (such as maintaining funding for the Research Fund) are constant factors in any given year. Other factors include:

- Developing strategy for recruitment and retention within the specialty;
- Preparing for the four Council meetings (agendas and papers are agreed by the trustees, and then collated and sent from the office);
- Organising and enhancing the clinical content of Annual Scientific Meetings (both current and future years);
- Invoicing and collecting annual Association subscriptions;
- Maintaining Association membership records; and
- Observing the requirements and obligations of a charitable organisation.

Council appoints a number of sub-committees to organise different areas of the Association's activities as detailed below:

- The Endowments sub-committee oversees the award of clinical and research grants and prizes during the year. The committee meets twice a year and considers applications from all categories of membership for approval by Council. Application for grants is governed by guidelines and an application process, which can be downloaded from the Association's website at [www.baoms.org.uk](http://www.baoms.org.uk). A formal peer review process by two independent reviewers is organised for grants in excess of £10,000.

# THE BRITISH ASSOCIATION OF ORAL AND MAXILLOFACIAL SURGEONS

## FINANCIAL STATEMENTS

YEAR ENDED 31 DECEMBER 2022

### STRUCTURE, GOVERNANCE AND MANAGEMENT (continued)

#### Organisational Structure and Key Management (continued)

- The Media, Public and Communications sub-committee handles press and media contact. It has also produced a number of online Patient Information Leaflets, which can be downloaded from the Association's website. In addition, a freelance Public Relations professional occasionally (ad hoc basis) works with the sub committee to help to raise the profile of the specialty to both the public and other healthcare professionals.
- The Clinical Effectiveness committee has now been replaced by Clinical Outcomes and the Quality Outcomes in oral and Maxillofacial Surgery (QOMS) project. A project manager continues to deliver this work.
- The Education and CPD sub-committee handles CPD accreditation and revalidation.
- The Norman Rowe International Education Foundation is responsible for work with overseas doctors arranging initiatives such as distance learning courses and humanitarian type initiatives.

In addition, Council spearheads initiatives relating to other education and research issues, public awareness and general promotion of the Specialty - as these are the central main objectives of the charity.

#### Method of Recruitment, Appointment, Election, Induction and Training of Trustees

##### *Recruitment*

Trustees are selected from past and present Council members (excluding retired Council members). The Honorary Secretary and the Honorary Treasurer may be recruited from the Fellows category of membership. An outline of the duties for each of the trustee positions is circulated to the relevant members of the Association.

Nominations are then submitted together with a supporting statement from the applicant. These are then considered and a trustee appointed at a Council meeting at least three months prior to the post becoming vacant.

##### *Appointment and Election*

Under the requirements of the Memorandum and Articles of Association, the members of Council are elected to serve for a period of three years. All eligible fellowship categories of the Association are circulated with an outline of the duties required and nomination forms are submitted along with a statement of intent, which is included with an online election which is circulated to eligible voting members of the Association. Following a change to the Memorandum and Articles of Association in October 2021 the Presidential handover/Term of office was changed from 1 January to 31 December to 1 July to 30 June to allow for the handover to take place at the Annual Scientific Meeting of the Association which is usually in June/July.

##### *Induction and Training*

Having accepted appointment, trustees are sent the main documents, which set out the operational framework of the Association, including the Memorandum and Articles of Association. In addition, trustees are directed to the Charity Commissions' guide 'the Essential Trustee'. On-going training for trustees is organised and provided by the Association as and when required. Demitting officers / trustees are encouraged to advise and inform new appointees where practicable.

# THE BRITISH ASSOCIATION OF ORAL AND MAXILLOFACIAL SURGEONS

## FINANCIAL STATEMENTS

YEAR ENDED 31 DECEMBER 2022

### STRUCTURE, GOVERNANCE AND MANAGEMENT (continued)

#### Risk and Corporate Governance Matters

The trustees have reviewed the major risks facing the Association, aiming to minimise the charity's exposure to risk, whilst attending to its viability and ensuring its longevity. The management of risk is the responsibility of the whole board of trustees, who monitor exposure through regular contact with Council members and office staff. The Association carries a range of insurances, renewed annually, to cover the key insurable risks associated with the administration of the charity's activities, and office procedures ensure that daily back-ups are run for all of the Association's data, including information published on the website.

The trustees consider the key risk facing the Association to be loss of membership. If this were to happen on any significant scale, there would be no reason for the Association to continue in existence and no meetings would need to take place. They constantly review the incentives and recruitment initiatives to engage as many practitioners of OMFS as possible in Association membership categories. The Association also has a risk register which is reviewed and updated annually.

#### Statement of Trustees' Responsibilities

The trustees (who are also the directors of The British Association of Oral and Maxillofacial Surgeons for the purposes of company law) are responsible for preparing the trustees' annual report and the financial statements in accordance with applicable law and regulations.

Company law requires the trustees to prepare financial statements for each financial year. Under that law, the Trustees have prepared financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law).

Under company law, the trustees must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the charitable company, and of the income and expenditure, of the charitable company for that period.

In preparing those financial statements, the trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Accounting and Reporting by Charities: Statement of Recommended Practice;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charitable company will continue in business.

The trustees are responsible for keeping proper accounting records that are sufficient to show and explain the charitable company's transactions and disclose with reasonable accuracy at any time the financial position of the charitable company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

# THE BRITISH ASSOCIATION OF ORAL AND MAXILLOFACIAL SURGEONS

## FINANCIAL STATEMENTS

YEAR ENDED 31 DECEMBER 2022

### STRUCTURE, GOVERNANCE AND MANAGEMENT (continued)

#### Statement of Trustees' Responsibilities (continued)

The trustees are responsible for the maintenance and integrity of the corporate and financial information included on the charitable company's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from the legislation in other jurisdictions.

#### Auditor

Following a tendering process Buzzacott were appointed as the auditors in the year ended 31 December 2015 – for an agreed period of three years to be reviewed at expiry. At a Council meeting held on 19 June 2018 it was agreed to extend the appointment of the auditors for a further three year period with the next review scheduled for 2021. The auditors were re-appointed at the Annual General Meeting held on 22 June 2022.

#### Statement as to Disclosure of Information to the Auditor

The trustees at the date of approval of this trustees' annual report confirm that so far as each of them is aware, there is no relevant audit information of which the charity's auditor is unaware, and the trustees have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditor is aware of that information.

#### Professional Indemnity Insurance

The charity has taken out a public liability insurance policy that provides professional indemnity cover (amounting to £500,000 in respect of any one claim) for the Council members (including the trustees) and the staff of the charity. The cost of this insurance policy to the charity for the year was £1,483, (2021: £1,254).

### OBJECTIVES AND ACTIVITIES

#### Charitable Objectives

The charitable objectives for which the charity is established are as follows:

- (a) To promote the advancement of education, research and the development of Oral and Maxillofacial Surgery in the British Isles.
- (b) To encourage and assist postgraduate education, study and research in Oral and Maxillofacial Surgery by:
  - (i) Arranging regular meetings at which lectures and demonstrations will be given.
  - (ii) Encouraging the publication of articles on Oral and Maxillofacial Surgery either by publishing a special journal or by other means.
  - (iii) Ensuring that Oral and Maxillofacial Surgery is represented adequately as a specialty to both the Medical and Dental Professions.
  - (iv) Promoting the advancement of the theory and practice of Oral and Maxillofacial Surgery by any other means, which may from time to time be considered appropriate by the Council of the Association.
  - (v) To hold one annual scientific meeting and one joint meeting on topics of interest to allied specialty organisations.

# THE BRITISH ASSOCIATION OF ORAL AND MAXILLOFACIAL SURGEONS

## FINANCIAL STATEMENTS

YEAR ENDED 31 DECEMBER 2022

### OBJECTIVES AND ACTIVITIES (continued)

#### Charitable Activities

In order to meet its charitable objectives, the trustees have set an overall goal for the Association to do everything within its powers to promote and encourage education, study, research and development of Oral and Maxillofacial Surgery as a specialty.

In pursuance of its overall goal, the Association's principal activity is the dissemination of information as it relates to the specialty.

Each year this activity is undertaken in a number of ways, including:

- Encouraging membership of the Association;
- Publishing The British Journal of Oral and Maxillofacial Surgeons ("BJOMS");
- Organising an Annual Scientific Meeting ("ASM");
- Organising, attending, and endorsing other ad hoc meetings; and
- Funding Research and Training initiatives by disbursement of Association funds (through due diligence selection procedures) to individuals, institutions and specialty sub groups.

#### Indicators, Milestones and Benchmarks

The trustees monitor a range of measures by which to try to determine the success of the charity in meeting its objectives. These measures include:

- Level of membership and the trend over time (increasing or decreasing);
- Circulation and readership of BJOMS;
- Level of submission of research papers for publication in BJOMS;
- Requests for publications including abstracts and papers, subscriptions and proceeds of electronic downloads from BJOMS;
- Attendance at the ASM;
- Feedback from delegates attending the ASM;
- Uptake on new initiatives to encourage ASM attendance;
- Number of visits to the Association's website and feedback from visitors;
- Members' engagement with sub specialist interest groups (SSIGs); and
- Media interest/requests for information or comment to printed or electronic media.

#### Public Benefit

The trustees have taken the Charity Commission's general guidance on public benefit (contained within the recently revised guidance publication "Charities and Public Benefit") into consideration in preparing their statements on public benefit contained within this trustees' annual report.

#### *Benefits and Beneficiaries*

In accordance with its charitable objectives, the Association strives to promote education, study, research and development of Oral and Maxillofacial Surgery. In doing so, BAOMS seeks to improve the quality of medical care for the benefit of patients. The charity's ultimate beneficiaries are therefore patients, and benefits to patients are provided through advancing knowledge of, practice in and standards for the specialty.

# THE BRITISH ASSOCIATION OF ORAL AND MAXILLOFACIAL SURGEONS

## FINANCIAL STATEMENTS

YEAR ENDED 31 DECEMBER 2022

### OBJECTIVES AND ACTIVITIES (continued)

#### Public Benefit (continued)

##### *Trustees' Assessment of Public Benefit*

In relation to the assessment of public benefit, the trustees monitor the public benefits which are delivered through the training and support of Oral and Maxillofacial Surgeons (OMFS) within the NHS and interface with individual hospital units. The Association is represented on a number of committees (see pages 11 and 12) to ensure that there are a sufficient number of OMFS consultants to serve the public need.

There is also a direct interface with the public via the Association's website which includes advice leaflets and information about the specialty, information on NHS hospital units and also careers advice.

#### Grant Making Policy

The Association finances a number of awards to support education and research. These are as follows:

Down Surgical Prize  
Norman Rowe Lecture Prize  
BAOMS Surgery Prize  
Norman Rowe Clinical Prize  
Paul Toller Research Prize  
Junior Trainees and Members' Prize  
Associate Fellows Prize  
Clinical and Research Poster Prizes  
IMP Technicians Lecture Prize  
Trainers' Prizes  
BJOMS Prizes

The Endowments Sub-Committee (which is appointed by and from Council) meets twice a year to consider applications for research and clinical placement grants. The sub-committee recommends candidates for prizes and grants to Council and advises on the distribution of available funds.

There are prizes available to all categories of membership. Full information on the application process can be found on the BAOMS website ([www.baoms.org.uk](http://www.baoms.org.uk))

In addition, the Association offers student bursaries to second degree students (studying for their BDS or MBBS) who are interested in pursuing a career in Oral and Maxillofacial Surgery, together with complimentary membership of the Association where applicable and subsidised attendance fees for the Annual Scientific Meeting. Free membership and subsidised attendance rates at the ASM are also now available to first degree students with an interest in the specialty.

# THE BRITISH ASSOCIATION OF ORAL AND MAXILLOFACIAL SURGEONS

## FINANCIAL STATEMENTS

YEAR ENDED 31 DECEMBER 2022

### OBJECTIVES AND ACTIVITIES (continued)

#### Research and Travel Grants

Grants are made available to suitable and successful applicants in respect of:

Significant Research Grants

Major Travel Grant

Trainees Travel / Study Grants

Support for Specialty Meetings

Small Project Grants (priming simple research projects and also mini travel grants)

Student Bursaries and Student Electives

Application details are available on the Association's website at [www.baoms.org.uk](http://www.baoms.org.uk)

#### Representation on Other Bodies

The specialty of Oral and Maxillofacial Surgery is represented on the following:

British Association of Surgical Oncology (BASO)

Confidential Reporting System in Surgery (CORESS)

Forum of Surgical Specialist Associations (FSSA)

The Royal College of Surgeons (RCS) of England Council

Specialty Advisory Committee (SAC) in Oral and Maxillofacial Surgery

Specialty Advisory Committee (SAC) in Oral Surgery

Senate of Dental Specialties

Intercollegiate Board: (FRCS)

RCS Trauma Committee

RCS Cancer Services Committee

RCS Revalidation Board

Royal College of Surgeons of Edinburgh Board

European Association of Cranio and Maxillo Facial Surgeons (EACMFS) Council

European Reference Network for rare diseases

UEMS Monospecialty Section in Stomatology and Oral and Maxillofacial Surgery

International Association of Oral and Maxillofacial Surgeons (IAOMS)

BMA: CCSC Surgical Specialties Sub-Committee

Department of Health Professional Bodies

The Chairman of Council represents the Association at the majority of the meetings of the organisations outlined above. If the Chairman of Council (or Deputy Chairman) is unable to attend, where possible, an alternative representative is selected from current Council members. Reports are provided to Council following each meeting. It is vital to have a working relationship on these professional bodies to achieve the overall aims of the Association at local, national and international level.

# THE BRITISH ASSOCIATION OF ORAL AND MAXILLOFACIAL SURGEONS

## FINANCIAL STATEMENTS

YEAR ENDED 31 DECEMBER 2022

### ACHIEVEMENTS AND PERFORMANCE

#### Activities, Events and their Impact

The Association has been active in a number of areas:

#### ***BJOMS:***

BJOMS: The Association continued to organise the publication of The British Journal of Oral and Maxillofacial Surgeons (“BJOMS”), which is the official publication of the Association, through the editorial team. Members are encouraged to submit articles on Oral and Maxillofacial Surgery for publication in BJOMS. The Journal Editorial Board is managed by the Editor and the Honorary Treasurer and meets several times a year. The Editor prepares a report for each Council meeting and for the Annual General Meeting. The Journal (10 issues per year) is currently published in conjunction with Elsevier on a five year contract. Following a review and process carried out by the Editor and reported at a Council meeting the current publishers, Elsevier, were reappointed and a new five-year contract (2023 to 2027 was agreed and signed). The BJOMS Editor continues to oversee the journal during the term office which is currently a five-year term (since 2019).

In 2020 as one of the strategic aims of the Association, Kaveh Shakib, BJOMS Editor, proposed a second journal, “Advances in Oral and Maxillofacial Surgery” (ADOMS) which is a new open access journal dedicated to publishing research articles on all aspects of surgery in the oro-facial and head and neck region. The ADOMS publishes original research, review articles, editorials, technical notes and case reports helping to create access for Junior Trainees wishing to publish, whilst maintaining the impact factor for BJOMS.

Both BJOMS and the sister Journal ADOMS continue to function well and Kaveh and the editorial team are to be congratulated for their delivery of both journals on behalf of BAOMS.

#### ***Quality and Outcomes in Oral and Maxillofacial Surgery (QOMS)***

Since its launch in 2018, the Quality and Outcomes in Oral and Maxillofacial Surgery (QOMS) project has become a priority for the Association. It is managed by a team of OMFS surgeons supported by a full-time project manager. QOMS operates a series of registries the purpose of which is to assess and measure quality of care of patients presenting to UK OMFS departments. As part of the project’s national roll-out in July 2011, the Association has provided funding (just over £6,465/pa) for 10 OMFS departments in the UK to hire a part-time data coordinator to manage data collection in their hospitals with the support of local clinicians. On top of these 10 OMFS units, another eight have been contributing to various QOMS registries and the QOMS team is talking with a handful more of them to join in. Participating QOMS teams have collected more than 5,000 records of episodes of care, with the largest contributions to the oncology & reconstruction, trauma and non-melanoma skin cancers registries. In July 2022, QOMS celebrated a year of data collection and the executive team decided to use this milestone to produce a QOMS inaugural report. A statistician was hired to support data analysis. Conscious that it was still too early in the project to produce reliable hospital-level data, the report’s aim was to check (and if necessary remedy to) that the data collected was of good enough quality for future analysis and reporting of quality of care. Additionally, as BAOMS funding has now been available for more than a year, we are planning over the next few months to look at the performance of those funded OMFS departments. We hope to demonstrate that a small investment could be sufficient to produce high-quality data to support the OMFS activity in a Trust/Health Board. Another phase of the QOMS work is to look at the care provision for rare conditions (e.g. salivary gland cancers or benign tumours and lesions of the jaws) or procedures (e.g. sentinel lymph node biopsies or the use of patient-specific implants for mandibular reconstruction) or patient reported outcome measures (e.g. for orthognathic surgery).

# THE BRITISH ASSOCIATION OF ORAL AND MAXILLOFACIAL SURGEONS

## FINANCIAL STATEMENTS

YEAR ENDED 31 DECEMBER 2022

### **Activities, Events and their Impact** (continued)

#### ***Quality and Outcomes in Oral and Maxillofacial Surgery (QOMS)*** (continued)

These new registries have been longer in development as they often require inputs and cooperation with other stakeholders and specialties. The QOMS is planning to launch several of these new registries in 2023. Additional activities of the QOMS team consisted of maintenance and improvement of the registries and all related documents. They also continue to support participating units in obtaining information governance approval from their institutions. We will continue to promote, engage, and encourage more OMFS units in the UK (and Republic of Ireland) to participate in QOMS.

#### ***BAOMS Website: [www.baoms.org.uk](http://www.baoms.org.uk)***

BAOMS Website: [www.baoms.org.uk](http://www.baoms.org.uk) The website (updated version launched in June 2020) has continued to provide a useful resource for the public with online patient advice information and a facility to search for oral and maxillofacial surgeons by special interest. New articles generated by the BAOMS media professional are also available on the site at <https://www.baoms.org.uk/about/news> and various discussion forums for BAOMS members are hosted in the members' secure area. The Flex Facs online educational resource project continues to be available on the site.

#### ***BAOMS Office and membership support***

The BAOMS office team continue to work in the BAOMS office as well as from home supporting the membership with frequent website updates and assisting with general membership queries. The BAOMS membership system was also migrated to a new (Oomi) platform and the final migration was implemented in December 2020.

#### ***Presidential Annual Fund***

##### ***An online resource to provide online OMFS Curriculum Training***

During 2021 Flex Facs was developed and launched using Presidential funding to support a co leads to create an innovative, online training and educational resource for OMFS STs and to encourage all OMFS trainees, trainers and training programme directors to engage with the online the resource. There are now monthly masterclass webinars and interactive videos to support the resource.

##### ***Online Book Medical Students and Allied Healthcare Professionals, led by Professor Peter Brennan, Chair of Council***

A free to download BAOMS full colour illustrated 140-page book on OMFS for Medical Students and Allied Healthcare Professionals was published in September 2022. The book has been endorsed and shared by the UK Medical Schools Council. We hope that the resource will further raise the profile of our specialty as well as showing others the full remit of what we can offer. BAOMS are grateful to Rob Isaac, Alex Goodson, Karl Payne and Arpan Tahim for their hard work on the project. A similar book will be written in 2023 for Dental Students and will be led by BAOMS Council member, Nabeela Ahmed, BAOMS Council member. The book can be accessed via the BAOMS website.

## FINANCIAL STATEMENTS

YEAR ENDED 31 DECEMBER 2022

### ACHIEVEMENTS AND PERFORMANCE (continued)

#### Activities, Events and their Impact (continued)

##### ***BAOMS 2022 Annual Scientific Meeting (ASM) and other meetings***

This year the BAOMS ASM was held in London from 22-24 June 2022 with a number of pre-courses organised by the main event sponsors KLS Martin and others organised by AO. In addition, a King's College Hospital, Difficult Airways course and a Sialandocopy workshop were successfully run. These events were run separately to the main meeting by the individual organisers.

During the main meeting, the BAOMS Presidential handover took place on Wednesday 22 June ahead of the Awards Ceremony and Annual General Meeting. The main scientific programme featured Lord Kerslake, a Cross bench peer, who presented the President's Lecture entitled: *The Future of the NHS: Lessons Learned from the Past*. The Norman Rower Lecture was delivered by Professor Joachim Prein entitled: From wire to plate fixation of facial fractures: Research, clinical application and teaching between 1970 and 2010. Although Professor Prein was unwell and unable to attend the meeting in person, he kindly delivered his lecture online.

There were varied symposia sessions over the three days which included, Advances in Trauma Care, Quality Outcomes, Craniofacial, 3D printing – Bio printing, Innovation and technology in OMFS, Sialandocopy, Medical Leadership, the Traumatic Brain and also a number of BAOMS symposia including recruitment and retention and the future of training in OMFS. In addition there were two early morning masterclasses on Useful techniques for facial rejuvenation and Challenges in surgical dermatology. The 66 free paper sessions ran in parallel to the keynotes and symposia over all three days and there were 200 ePoster abstracts.

There was an Oktoberfest style welcome reception around the medical exhibition on Wednesday 22 June. The Annual Dinner, which began with a pre-dinner reception on board a Thames River boat, took place at the Underglobe (under the Globe Theatre) on Thursday 23 June. It was well attended by over 200 guests. There was lively after dinner dancing to an Abba Tribute band, Abba Re-Bjorn.

KLS Martin were the main event sponsors, with Stryker and DPS/J&J supporting as Gold sponsors along with other exhibiting companies. We are grateful for their support of the BAOMS ASM.

Total overall onsite attendance in 2022 was around 550 over the three day main event at the Southbank Centre. Overall feedback was very positive.

##### ***Junior Trainees Conference 2022 (Rhea Chouhan and Danielle Britton, lead and deputy Members and JTGs)***

The Junior Trainee Group (JTG of BAOMS) ran a successful conference, held at the Vermont Hotel in Newcastle upon Tyne, on 18th-20th November. Our conference this year focused on how we can best support trainees in their OMFS journey "one step at a time". The training pathway is a journey - a long one as we know. The Junior Trainee Group aims to support trainees in each step of theirs - through our regional reps, university reps and events throughout the year to keep trainees engaged with OMFS, and we wanted to highlight that in our conference this year. The conference itself sold out – with 129 delegates attending. 1/3 of attendees were dental core trainees and the second biggest cohort was second degree medical students. This year, we were lucky to run a pre-conference course at the Life Centre, introducing key microvascular principles with 1 to 1 teaching on surgical microscopes by regional OMFS oncology surgeons. Eight delegates took part in the course, which received fantastic feedback and kicked off our conference to a great start!

## FINANCIAL STATEMENTS

YEAR ENDED 31 DECEMBER 2022

### ACHIEVEMENTS AND PERFORMANCE (continued)

#### Activities, Events and their Impact (continued)

##### **Junior Trainees Conference 2022** *(continued)*

There were several workshops running throughout the main conference programme - trauma based sessions on Saturday covering basic and advanced trauma plating, skins sessions on the Sunday focusing on advanced suturing and principles of local flap reconstruction and a facial drawing workshop led by a local artist. As part of their ticket price, each delegate could attend one workshop as well as the annual gala dinner and talks in the main conference hall. The main programme involved numerous excellent speakers covering a range of OMFS subspecialties, including trauma, oncology, salivary, and academia and training in OMFS; as well as a special segment from Head and Neck Cancer UK which showcased a patient's perspective of their cancer journey. The JTG annual gala dinner had a "Black and White" theme this year, and was host to a raffle to win a pair of Loupes, and various other exciting prizes! Through this raffle, we raised over £1,200 for Head and Neck Cancer UK, to support the amazing work that they do. After a successful conference and year in office, the 2022 JTG committee looks to the future for OMFS trainees, with hopes of working more closely with the BAOMS Junior Trainee Support Network, led by Ms Emma Woolley, to further enthuse and recruit junior trainees in OMFS.

##### **Fellows in Training Conference, Divya Sharma, lead for Fellows in Training, 2022**

The 2022 annual Fellows in Training Conference was held in the historical City of Cambridge from 10-12th October. All the delegates enjoyed listening to a group of inspirational speakers from around the country. Their talks covered a wide range of both clinical and non-clinical topics relevant to the exam. The delegates took advantage of multiple FRCS viva practice sessions and practical sessions for surgical 3D planning in orthognathic, craniofacial and head & neck cases. The delegates and speakers also enjoyed a sumptuous meal in the Old Hall at Queen's College University of Cambridge.

### FINANCIAL REVIEW

#### **Financial Results of Activities and Events**

During 2022, the Association generated £862,805 (2021: £635,503) of income, and expended resources of £943,071 (2021: £721,055) principally disseminating information as it relates to any and all of the fields that pertain to the Association's charitable objectives.

In particular, 2022 Annual Scientific Meeting resulted in a surplus of £47,496 (2021: deficit of £10,156) and the British Journal of Oral and Maxillofacial Surgery plus the Advances in Oral and Maxillofacial Surgery contributed a surplus of £203,894 (2021: £199,362). A significant proportion of Journal income arose from paid electronic downloads of content – from around the globe, demonstrating the breadth of appeal of the material presented. Net investment losses in the year were £154,635 (2021: gains £138,923), resulting in a net decrease in funds of £234,901 (2021: increase £53,371).

#### **Grant Making**

In 2022, grants totalling £76,834 (2021: £113,554) were allocated during the financial year to members of the Association for research projects and travel to centres of excellence overseas.

The Association continues to support bursaries for medical students completing their double degree as part of the relatively long training programme for the specialty. In 2022, £32,000 was awarded to thirty four individuals (2021: £47,000 was awarded to forty individuals).

## FINANCIAL STATEMENTS

YEAR ENDED 31 DECEMBER 2022

### FINANCIAL REVIEW (continued)

#### Reserves Policy

When considering the need for free reserves the trustees are mindful that they must put in place a suitable foundation for the charity to achieve its long term strategic goal, that being for the work of the Association to be continued in perpetuity. In addition, the trustees have identified the following areas in which expenditure will be required soon:

In addition to the day to day work of the Association the following and on-going areas have been identified in 2023

Up to £12,500 for the speakers' educational fund to fund educational lectures at the Annual Meeting

£100,000 for research and clinical / mini grants;

£15,000 to provide complimentary membership of the Association to students studying their second degree;

£10,000 to provide complimentary registration at the ASM for students studying for their first and second degrees;

£30,000 (up to £40,000) to provide student bursaries/support to students studying their second degree;

£15,000 to support the junior trainees programme, ASiT membership and recruitment

£15,000 venue deposits for future meetings;

£ 8,000 Dental Student Book (for 2023 only)

£15,000 for media activity

£10,000 for updates to the website on-going

£5,000 for on-going hosting (£1,000 pcm), support and development of the website (Light Media) to continue to increase its educational and interactive capacity and to further widen communication with the membership;

£10,000 support costs for membership application system (Oomi)

£25,000 for the President's Annual Fund

£50,000 QOMS Project manager and audit registry

*QOMS NOTE: The proposed budget for the next 3 years (BAOMS QOMS Phase 2 for 10 funded OMFS units) will be:*

*2021 Year 1 - £6,465 x 10 = £64,650*

*2022 Year 2 - £6,465 x 10 = £64,650*

*2023 Year 3 - £6,465 x 10 = £64,650*

*Total funding for 3 years - £193,950 funded in full by BAOMS*

Total estimated spend 2023: £385,150 (2022: £385,150)

# THE BRITISH ASSOCIATION OF ORAL AND MAXILLOFACIAL SURGEONS

## FINANCIAL STATEMENTS

YEAR ENDED 31 DECEMBER 2022

### FINANCIAL REVIEW (continued)

#### Reserves Policy (continued)

Bearing this in mind the trustees consider that, in order to limit financial risk and based on current staffing levels, the level of free reserves should be equal to £450,000. This will allow the capacity to operate the work of the Association effectively in the event of unforeseen financial difficulties. It is expected that this would be sufficient to cover the operational costs of the Association for a period of nine months.

#### Financial Position

The total 'unrestricted funds' of the charity as at 31 December 2022 amounted to £1,471,028 of which £1,234,912 had been allocated to the Designated Research Fund (31 December 2021: £1,705,614 of which £1,299,684 had been allocated to the Designated Research Fund) and £21,096 (2021: £28,128) relates to the remaining net book value of fixed assets, and therefore do not form part of the free reserves. The free reserves of the charity as at 31 December 2022 therefore amounted to £236,116 (2021: £405,930). To preserve the reserves policy going forwards, the Trustees will look to adjust the designated research fund to keep the free reserves in line with the stated reserves policy.

#### Investments Policy

The trustees have wide ranging powers to invest the funds of the Association as they see fit, and in practice, they receive advice from the Association's investment managers on appropriate investments. The Association's investment portfolio is now managed by Cazenove Capital Management wealth management from Schroders.

BAOMS uses a Responsible Multi-Asset Fund which has no direct exposure to Russia through any of its investments.

Alongside its financial aims, the Fund has an explicit responsible investment policy, screening out areas of concern to many charities, integrating environmental, social and governance analysis as a fundamental part of its equity selection process and promoting best practice through active engagement. The managers invest to avoid harm, benefit society through responsible business activities and contribute to solutions through investing for impact. The investment managers will also use their influence to push for progress towards the Sustainable Development Goals.

Whilst there is no specific screen within the mandate to exclude Russian investments, given the fund's overall aims, no Russian stocks were deemed appropriate for the strategy and in-line with the Responsible policy.

#### *Investment Strategy*

The investment objective is to be achieved by investment in a balanced portfolio, which can include equities, fixed interest securities and cash, with a medium risk profile. Exposure to hedge funds, structured investments and property funds will also be permissible. Trustees have taken advice and rely on an approach to provide real returns on funds, but avoiding High Risk / High Yield (Casino) patterns of investment, in line with responsible charitable organisation strategy.

# THE BRITISH ASSOCIATION OF ORAL AND MAXILLOFACIAL SURGEONS

## FINANCIAL STATEMENTS

YEAR ENDED 31 DECEMBER 2022

### FINANCIAL REVIEW (continued)

#### Investments Policy (continued)

##### *Review*

In order to monitor progress of the performance of the Association's investments against this policy Cazenove Capital Management wealth management from Schroders provides valuation reports six monthly on 30 June and 31 December. Figures showing the capital performance and a range of indices including the APCIMS Balanced Index are included within these valuation reports.

The trustees will periodically consider whether there is a need to revise the Investment Strategy.

In 2022, the portfolio decreased in value by 10.3% to £1,352,999, (2021: Increase 10.1% to £1,507,634). The income being generated by the investments increased by 6% to £69,740 (2021: 4.3% to £65,734) and is derived from a combination of exposure to high yielding equities as well as the fixed interest area of the market.

### PLANS FOR FUTURE PERIODS

#### Future Strategy

The trustees' long term goal is for the work of the Association to be continued in perpetuity.

#### Quality Outcome Measures in Oral and Maxillofacial Surgery (QOMS)

In 2023, the team aims to continue to engage with other / new partners to develop the registry further. The inaugural report will be available in early 2023.

In parallel, they will also continue working on other potential registries for future development.

Future BAOMS ASM Meetings: The BAOMS ASM in 2023 will be held at Kings Place, York Way from 28 to 30 June 2023 with a theme of Health and Wellbeing.

#### Impact of Activities and Events

The award of grants and student bursaries will support research and also support students studying their second degree and the new Student Elective bursaries will help to support first degree students with elective placements in OMFS units. The Presidential Funds, Flex Facs and the Junior Trainees Support network will further assist the membership through providing a specialty curriculum specific online learning resource (Flex Facs) and supporting recruitment and retention to the specialty (via a network of Junior Trainees).

An online dental students handbook to complement the medical student handbook published in 2022 will further assist recruitment to the specialty.

QOMS will continue to collect outcome data for publishing to strengthen the specialties position with NHS commissioning bodies.

The continuing success of the Association's Annual Scientific meetings with a structured educational element and a platform for the presentation of research within the specialty programme will result in high attendances and once again positive feedback from delegates.

# THE BRITISH ASSOCIATION OF ORAL AND MAXILLOFACIAL SURGEONS

## FINANCIAL STATEMENTS

YEAR ENDED 31 DECEMBER 2022

### PLANS FOR FUTURE PERIODS (continued)

#### **BAOMS Presidential Funds**

Professor Cyrus Kerawala, 61<sup>st</sup> BAOMS President (1 July 2022 to 30 June 2023)

Plans for a national guidelines for OMFS in relation to return to play following facial trauma in the sports arena, focussed on amateurs and professionals alike. The aim is a product that will be launched in and around the Rugby World Cup in the autumn of 2023. The guideline will not only be of use in day-to-day practice but will also be a springboard for research ideas as well as providing some publicity for the specialty.

#### **Miss Daljit Dhariwal, 62<sup>nd</sup> BAOMS President (1 July 2023 to June/July 2024)**

To improve and showcase the impact of OMFS on patient care. This is to include: enhanced patient care / information, improved patient collaboration and involvement in research; increased patient empowerment in clinical decision making processes / consent and improvement in the patients' experiences of care / patient pathways. BAOMS will support OMFS projects in these areas with awards / funding to this effect..

Level of funding: Up to £5,000 for an individual award, total funding for all the projects is £25,000:

Duration of funding: Up to 12 months

Purpose: To support projects which impact positively on patient information / care and collaboration.

These financial statements were approved the members of the committee on 20 June 2023 and signed on their behalf by:

Cyrus Kerawala, President

Rob Banks, Honorary Treasurer

# THE BRITISH ASSOCIATION OF ORAL AND MAXILLOFACIAL SURGEONS

## INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF THE BRITISH ASSOCIATION OF ORAL AND MAXILLOFACIAL SURGEONS

YEAR ENDED 31 DECEMBER 2022

### Opinion

We have audited the financial statements of The British Association of Oral and Maxillofacial Surgeons (the 'charitable company') for the year ended 31 December 2022 which comprise the statement of financial activities, the balance sheet, and statements of cash flows, the principal accounting policies and the notes to the financial statements. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' (United Kingdom Generally Accepted Accounting Practice).

In our opinion, the financial statements:

- ◆ give a true and fair view of the state of the charitable company's affairs as at 31 December 2022 and of its income and expenditure for the year then ended;
- ◆ have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- ◆ have been prepared in accordance with the requirements of the Companies Act 2006.

### Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the charitable company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Conclusions relating to going concern

In auditing the financial statements, we have concluded that the trustees' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the charitable company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the trustees with respect to going concern are described in the relevant sections of this report.

### Other information

The trustees are responsible for the other information. The other information comprises the information included in the annual report other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

# THE BRITISH ASSOCIATION OF ORAL AND MAXILLOFACIAL SURGEONS

## INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF THE BRITISH ASSOCIATION OF ORAL AND MAXILLOFACIAL SURGEONS

YEAR ENDED 31 DECEMBER 2022

### **Other information** (continued)

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

### **Opinions on other matters prescribed by the Companies Act 2006**

In our opinion, based on the work undertaken in the course of the audit:

- ◆ the information given in the trustees' report which is also the directors' report for the purposes of company law, for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- ◆ the trustees' report has been prepared in accordance with applicable legal requirements.

### **Matters on which we are required to report by exception**

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- ◆ adequate accounting records have not been kept; or
- ◆ the financial statements are not in agreement with the accounting records and returns; or
- ◆ certain disclosures of trustees' remuneration specified by law are not made; or
- ◆ we have not received all the information and explanations we require for our audit; or
- ◆ the trustees were not entitled to prepare the financial statements in accordance with the small companies regime and take advantage of the small companies' exemptions in preparing the trustees' report and from the requirement to prepare a strategic report.

### **Responsibilities of trustees**

As explained more fully in the trustees' responsibilities statement, the trustees (who are also the directors of the charitable company for the purposes of company law) are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the trustees are responsible for assessing the charitable company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to liquidate the charitable company or to cease operations, or have no realistic alternative but to do so.

# THE BRITISH ASSOCIATION OF ORAL AND MAXILLOFACIAL SURGEONS

## INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF THE BRITISH ASSOCIATION OF ORAL AND MAXILLOFACIAL SURGEONS

YEAR ENDED 31 DECEMBER 2022

### Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

Our approach to identifying and assessing the risks of material misstatement in respect of irregularities, including fraud and non-compliance with laws and regulations, was as follows:

- ◆ The engagement partner ensured that the engagement team collectively had the appropriate competence, capabilities and skills to identify or recognise non-compliance with applicable laws and regulations;
- ◆ We obtained an understanding of the legal and regulatory frameworks that are applicable to the charity and determined that the most significant frameworks which are directly relevant to specific assertions in the financial statements, being the Charities Act 2011, Companies Act 2006, health and safety legislation, the data protection act, and the reporting framework as detailed within the accounting policies;
- ◆ We focused on specific laws and regulations which we considered may have a direct material effect on the accounts.
- ◆ We assessed the extent of compliance with the laws and regulations identified above through making enquiries of representatives of management and the review of minutes of Trustee meetings.

We assessed the susceptibility of the charity's financial statements to material misstatement, including obtaining an understanding of how fraud might occur, by:

- ◆ Making enquiries of where management considers there was susceptibility to fraud and knowledge of actual, suspected and alleged fraud; and
- ◆ Considering the internal controls in place to mitigate risks of fraud and non-compliance with laws and regulations.

To address the risk of fraud through management bias and override of controls, we:

- ◆ Performed analytical procedures to identify any unusual or unexpected relationships;
- ◆ Tested and reviewed journal entries to identify unusual transactions;
- ◆ Tested the authorisation of expenditure;
- ◆ Gained an understanding of the processes in place for the management of the charity's investments and confirmed the validity of withdrawals from investments; and
- ◆ Investigated the rationale behind significant or unusual transactions.

# THE BRITISH ASSOCIATION OF ORAL AND MAXILLOFACIAL SURGEONS

## INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF THE BRITISH ASSOCIATION OF ORAL AND MAXILLOFACIAL SURGEONS

YEAR ENDED 31 DECEMBER 2022

### **Auditor's responsibilities for the audit of the financial statements** (continued)

In response to the risk of irregularities and non-compliance with laws and regulations, we designed procedures which included, but were not limited to:

- ◆ Review of the minutes of meetings of those charged with governance;
- ◆ Enquiring of management as to actual and potential litigation and claims; and
- ◆ Agreeing accounts disclosures to underlying supporting documentation.

As a result of our procedures we did not identify any key audit matters relating to irregularities.

There are inherent limitations in our audit procedures described above. The more removed that laws and regulations are from financial transactions, the less likely it is that we would become aware of non-compliance. Auditing standards also limit the audit procedures required to identify non-compliance with laws and regulations to enquiry of the trustees and other management and the inspection of regulatory and legal correspondence, if any. Material misstatements that arise due to fraud can be harder to detect than those that arise from error as they may involve deliberate concealment or collusion.

A further description of our responsibilities is available on the Financial Reporting Council's website at [www.frc.org.uk/auditorsresponsibilities](http://www.frc.org.uk/auditorsresponsibilities). This description forms part of our auditor's report.

### **Use of this report**

This report is made solely to the charitable company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the charitable company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charitable company and the charitable company's members as a body, for our audit work, for this report, or for the opinions we have formed.

## NOTES TO THE FINANCIAL STATEMENTS

### YEAR ENDED 31 DECEMBER 2022

#### 1. ACCOUNTING POLICIES

The principal accounting policies adopted, judgements and key sources of estimation uncertainty in the preparation of the financial statements are laid out below.

##### **Basis of preparation**

These financial statements have been prepared for the year to 31 December 2022.

The financial statements have been prepared under the historical cost convention with items recognised at cost or transaction value unless otherwise stated in the relevant accounting policies below or the notes to these financial statements.

The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland (FRS 102) (Charities SORP FRS 102) and the Companies Act 2006.

The charity constitutes a public benefit entity as defined by FRS 102.

The financial statements are presented in sterling and are rounded to the nearest pound.

##### **Critical accounting estimates and areas of judgement**

Preparation of the financial statements requires the trustees and management to make significant judgements and estimates.

The items in the financial statements where these judgements and estimates have been made include:

- ◆ estimating the liability for multi-year grant commitments;
- ◆ estimating the useful economic life of fixed assets; and
- ◆ estimating future cash flows for the purposes of determining the going concern status of the charity.

##### **Assessment of going concern**

The trustees have assessed whether the use of the going concern assumption is appropriate in preparing these financial statements. The trustees have made this assessment in respect to a period of one year from the date of approval of these financial statements. The trustees of the charity have concluded that, there are no material uncertainties related to events or conditions that may cast significant doubt on the ability of the charity to continue as a going concern.

The Association will be running a number of well subscribed events in 2023 and anticipates a surplus and good levels of cash in 2023 despite increases in inflation ,the current economic climate.and cost of living challenges.

# THE BRITISH ASSOCIATION OF ORAL AND MAXILLOFACIAL SURGEONS

## NOTES TO THE FINANCIAL STATEMENTS

### YEAR ENDED 31 DECEMBER 2022

The Trustees have reviewed the risks posed to the charity and concluded that the group and the charity are in a strong financial and operational position and can continue to support beneficiaries now and for the foreseeable future.

The trustees are therefore of the opinion that the charity will have sufficient resources to meet its liabilities as they fall due.

With regard to the next accounting period, the year ending 31 December 2023, the most significant areas that affect the carrying value of the assets held by the charity are the level of investment return and the performance of the investment markets.

#### **Income recognition**

Income is recognised in the period in which the charity has entitlement to the income, the amount of income can be measured reliably and it is probable that the income will be received.

Credit is taken in the statement of financial activities for the proportion of subscriptions which are receivable in the financial year. All other similar types of income are accounted for on an accruals basis.

In accordance with the Charities SORP FRS 102 volunteer time is not recognised.

Dividends are recognised once the dividend has been declared and notification of the dividend has been received.

Interest on funds held on deposit is included when receivable and the amount can be measured reliably by the charity; this is normally upon notification of the interest paid or payable by the bank.

#### **Expenditure recognition**

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to make a payment to a third party, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably.

All expenditure is accounted for on an accruals basis. Expenditure comprises direct costs and support costs. All expenses, including support costs, are allocated or apportioned to the applicable expenditure headings. The classification between activities is as follows:

- ◆ Expenditure on raising funds includes all expenditure associated with raising funds for the charity. This includes investment management fees.
- ◆ Expenditure on charitable activities includes all costs associated with furthering the charitable purposes of the charity through the provision of its charitable activities. Such costs include grants, direct and support costs including governance costs.

# THE BRITISH ASSOCIATION OF ORAL AND MAXILLOFACIAL SURGEONS

## NOTES TO THE FINANCIAL STATEMENTS

### YEAR ENDED 31 DECEMBER 2022

Grants payable are included in the statement of financial activities when approved and when the intended recipient has either received the funds or been informed of the decision to make the grant and has satisfied all performance conditions. Grants approved but not paid at the end of the financial year are accrued. Grants where the beneficiary has not been informed or has to fulfil performance conditions before the grant is released are not accrued for.

Irrecoverable VAT is included within support costs and allocated as detailed below.

#### **Allocation of support and governance costs**

Support costs represent indirect charitable expenditure. In order to carry out the primary purposes of the charity it is necessary to provide support in the form of personnel development, financial procedures, provision of office services and equipment and a suitable working environment.

Governance costs comprise the costs involving the public accountability of the charity (including audit costs) and costs in respect to its compliance with regulation and good practice.

Support costs including staff costs and governance costs are apportioned based on the proportion used by the activity.

#### **Intangible fixed assets**

All assets costing more than £5,000 and with an expected useful life exceeding one year are capitalised. Amortisation is provided over a period of 5 years, based on the estimated useful life of the asset, on a straight line basis.

#### **Tangible fixed assets**

All assets costing more than £5,000 and with an expected useful life exceeding one year are capitalised.

##### **◆ Furniture and equipment**

Expenditure on the purchase and replacement of furniture and equipment is capitalised and depreciated over a 4-10 year period, based on the estimated useful life of the asset, on a straight line basis.

#### **Fixed asset investments**

Listed investments are a form of basic financial instrument and are initially recognised at their transaction value and subsequently measured at their fair value as at the balance sheet date using the closing quoted market price.

The charity does not acquire put options, derivatives or other complex financial instruments.

Realised gains (or losses) on investment assets are calculated as the difference between disposal proceeds and their opening carrying value or their purchase value if acquired subsequent to the first day of the financial year. Unrealised gains and losses are calculated as the difference between the fair value

# THE BRITISH ASSOCIATION OF ORAL AND MAXILLOFACIAL SURGEONS

## NOTES TO THE FINANCIAL STATEMENTS

### YEAR ENDED 31 DECEMBER 2022

at the year end and their carrying value at that date. Realised and unrealised investment gains (or losses) are combined in the statement of financial activities and are credited (or debited) in the year in which they arise.

#### **Debtors**

Debtors are recognised at their settlement amount, less any provision for non-recoverability. Prepayments are valued at the amount prepaid.

#### **Cash at bank and in hand**

Cash at bank and in hand represents such accounts and instruments that are available on demand or have a maturity of less than three months from the date of acquisition.

#### **Creditors and provisions**

Creditors and provisions are recognised when there is an obligation at the balance sheet date as a result of a past event, it is probable that a transfer of economic benefit will be required in settlement, and the amount of the settlement can be estimated reliably. Creditors and provisions are recognised at the amount the charity anticipates it will pay to settle the debt.

#### **Operating lease agreements**

Rentals applicable to operating leases where substantially all of the benefits and risks of ownership remain with the lessor are charged against profits on a straight line basis over the period of the lease.

#### **Pension costs**

The charitable company participates in a multi-employer defined benefit pension scheme known as Superannuation Arrangements of the University of London ("SAUL"). The scheme is contracted out of the State Earnings-Related Pension Scheme, and is a centralised scheme for certain employees with the assets held in separate trustee-administered funds. The charitable company is unable to identify its share of the underlying assets and liabilities of the scheme.

The amount charged to the statement of financial activities in respect of pension costs is the total contributions payable for the year.

#### **Fund Structure**

The general fund comprises the accumulated surpluses of unrestricted income over expenditure, which are available for use in furtherance of the general objectives of the charitable company.

Designated funds are a particular form of unrestricted funds consisting of amounts, which have been allocated or designated for specific purposes by the trustees. The use of designated funds remains at the discretion of the trustees.

Restricted funds are funds subject to specific conditions imposed by donors. The purpose and use of the funds are set out in the notes to the accounts. Amounts unspent at the year-end are carried forward in the balance sheet.

## NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED 31 DECEMBER 2022

### 9. STAFF COSTS, TRUSTEES EXPENSES AND REMUNERATION OF KEY MANAGEMENT PERSONNEL

Total staff costs were as follows:

	2022	2021
	£	£
Wages and salaries	96,327	107,480
Social security costs	5,824	7,059
Other pension costs	17,053	17,061
	<u>119,204</u>	<u>131,600</u>

The key management personnel of the charity in charge of controlling, running and operating the charity on a day to day basis comprise the trustees, the Chairman of the Council and the Senior Administrator.

The total remuneration (including taxable benefits and pension contributions) paid to key management personnel for the year was £86,582, (2021: £80,113).

One Officer of the Council received £27,022, (2021, one Officer: £25,125) for services as Council members provided to the Association. No trustees received any remuneration for their services as trustees. During the year, Council members were reimbursed for travel expenses incurred in attending Council and other relevant meetings totalling £10,216, (2021: £1,372), of which six (2021: five) trustees received £6,760 (2021: £783).

The charity has taken out a public liability insurance policy that provides professional indemnity cover (amounting to £500,000 in respect of any one claim) for the Council members (including the trustees) and staff of the charity. The cost of this insurance policy to the charity for the year was £1,483 (2021: £1,254).

#### Particulars of employees:

The average number of employees during the year:

	2022	2021
	No	No
Office and administration staff	2	3
Editorial staff	-	-
	<u>2</u>	<u>3</u>

One employee earned remuneration of £60,000 or more (including taxable benefits but excluding employer's pension contributions) during the year (2021: one).

### 10. TAXATION

The British Association of Oral Maxillofacial Surgeons is a registered charity and therefore is not liable to income tax or corporation tax on income or gains derived from its charitable activities, as they fall within the various exemptions available to registered charities.

	<u>105,484</u>	<u>-</u>	<u>(315)</u>	<u>105,169</u>

The e Learning Fund was set up in 2009 following the receipt of funding from the Department of Health to cover the costs incurred by BAOMS in relation to the e Learning project as it relates to the charity's specialty.

The Norman Rowe International Educational Foundation Fund was set up in 2007 following the receipt of a donation from the Norman Rowe Educational Trust which has become a sub-committee of the charity known as the Norman Rowe International Education Foundation (NRIEF). The funds are used to promote the oral and maxillofacial specialist needs of developing and post conflict countries.

The Map of Medicine Fund was set up in 2009 to recognise specific sponsorship income contributing to the costs of the Map of Medicine project work.

## MANAGEMENT INFORMATION

### YEAR ENDED 31 DECEMBER 2022

#### **21. PENSION SCHEME**

The Association participates in the Superannuation Arrangements of the University of London (“SAUL”), which is a centralised defined benefit scheme within the United Kingdom and was contracted out of the Second State Pension (prior to April 2016).

SAUL is an independently managed pension scheme for the non-academic staff of over 50 colleges and institutions with links to higher education.

Pension benefits accrued within SAUL currently build up on a Career Average Revalued Earnings (“CARE”) basis.

The Association is not expected to be liable to SAUL for any other current participating employer’s obligations under the Rules of SAUL, but in the event of an insolvency of any participating employer within SAUL, an amount of any pension shortfall (which cannot otherwise be recovered) in respect of that employer, may be spread across the remaining participating employers and reflected in the next actuarial valuation.

#### **Funding Policy**

SAUL’s statutory funding objective is to have sufficient and appropriate assets to meet the costs incurred by the Trustee in paying SAUL’s benefits as they fall due (the “Technical Provisions”). The Trustee adopts assumptions which, taken as a whole, are intended to be sufficiently prudent for pensions and benefits already in payment to continue to be paid and for the commitments which arise from Members’ accrued pension rights to be met.

The Technical Provisions assumptions include appropriate margins to allow for the possibility of events turning out worse than expected. However, the funding method and assumptions do not completely remove the risk that the Technical Provisions could be insufficient to provide benefits in the future.

A formal actuarial valuation of SAUL is carried out every three years by a professionally qualified and independent actuary. The last actuarial valuation was carried out with an effective date of 31 March 2020. Informal reviews of SAUL’s position, reflecting changes in market conditions, cash flow information and new accrual of benefits, are carried out between formal valuations.

The funding principles were agreed by the Trustee and employers in June 2021 and will be reviewed again at SAUL’s next formal valuation in 2023.

At the 31 March 2020 valuation SAUL was 94% funded on its Technical Provisions basis. However, market movements following the valuation date were positive and the Trustees and the Employers agreed to allow for post-valuation experience up to 30 April 2021. As SAUL was in surplus on its Technical Provisions basis at that date, no deficit contributions were required.

However, the Trustee and the Employers have agreed that the ongoing Employers’ contributions will increase from a rate of 16% of CARE Salaries to 19% of CARE Salaries from 1 April 2022 and to 21% of CARE Salaries from 1 January 2023.

Employer pension contributions charged to the statement of financial activities during the year amounted to £17,053 (2021: £17,061).

## MANAGEMENT INFORMATION

### YEAR ENDED 31 DECEMBER 2022

#### 21. PENSION SCHEME (CONTINUED)

##### Accounting Policy

The Association is a Participating Employer in SAUL. The actuarial valuation applies to SAUL as a whole and does not identify surpluses or deficits applicable to individual employers. As a whole, the market value of SAUL's assets at 31 March 2020 was £3,612 million representing 94% of the liabilities. The market value of SAUL's assets at 30 April 2021 was £4,369 million representing 109% of the estimated liabilities.

It is not possible to identify an individual Employer's share of the underlying assets and liabilities of SAUL. The Association accounts for its participation in SAUL as if it were a defined contribution scheme and pension costs based on the amounts actually paid (i.e cash amounts) in accordance with paragraphs 28.11 of FRS 102.

Although there was a Technical Provisions deficit at 31 March 2020, allowing for post valuation experience to 30 April 2021, SAUL had a Technical Provisions surplus. Therefore, no deficit contributions were required following the 2020 valuation and there is no defined benefit liability (i.e the present value of any deficit contributions due to SAUL) to be recognised by the Association.

#### 22. RELATED PARTY TRANSACTIONS

One Officer of Council received £27,022, (2021: one Officer received £25,125) for services as Council members provided to the Association. No trustees received any remuneration for their services as trustees. During the year, Council members were reimbursed for travel and subsistence expenses incurred or paid for by the charity on their behalf in attending Council and other relevant meetings totalling £10,216, (2021: £1,372), of which six (2021: five) trustees received £6,760 (2021: £782).

Prizes awarded during the year included the Down Surgical Prize, this prize, of £1,000 was awarded to C Kerawala (President) in 2021 (presented in 2022) and P Brennan (Chair of Council) in 2022 (to be presented in 2023).
