## INTRODUCTION DALJIT K DHARIWAL 62<sup>ND</sup> PRESIDENT

It is a great honour to have been elected President of the British Association of Oral & Maxillofacial Surgeons. I started professional life as a dental surgery assistant in Southall, West London, and decided to go on to study dentistry in Cardiff, where I was enthused by Oral & Maxillofacial Surgery. It was daunting to go back to medical school with the prospect of taking on debt to pursue my chosen career field. I was fortunate to be supported by the local OMFS units where I continued my specialty training followed by a craniofacial fellowship in Birmingham which was the icing on the cake of training. This led me to my current post in Oxford where I have been a consultant for 17 years. I genuinely feel I have the best job in the world. I am fortunate to have an interesting clinical practice, to coordinate surgical teaching at the medical school at Oxford University, and to have the support of my colleagues to balance my work life with being a single mum.

As a specialty we have always faced greater challenges than other surgical specialties. It is important at this time of political change that we do not lose sight of the sacrifices we made for our own careers and to ensure that we provide support and mentoring for the OMFS surgeons of the future. Our doctors and dentists in training face greater financial challenges than we did in the past and they have not benefited from the support network provided by firm working. We work in a fantastic

rewarding specialty and in close collaboration with other surgeons to deliver high quality patient care. It is important that we recognise the differing landscape and take new talent under our wings to develop new colleagues who will be far better than us.

As a leader, I promised you greater transparency and accountability, and I have been fortunate to work with BAOMS' elected Council who have stepped up to serve the members in the same vein. Last year we agreed a mission statement on Council pledging to improve patient care and eliminate poor practice; to ensure a supportive, inclusive and safe culture, and to provide educational support for all members. On the 27th of November 2023, we held a well attended Council strategy day to put these values into practice. The report on actions agreed with plans for delivery will be forthcoming in the near future.

One of the privileges of serving as President of BAOMS is to represent the Association. I received a warm welcome at the impressive American Association of Oral and Maxillofacial Surgeons (AAOMS) conference in San Diego in September 2023 where I received a special Honorary Fellowship, attended the Past Presidents' dinner and the President's event at the USS Midway Museum. (See photo on next page)

It was also an honour to host the BAOMS Past Presidents' lunch on the 17th of November at Lincoln's Inn hall. It was well attended and supported with a forward thinking address by Mike Awty.

This year's Presidential initiative is patient centred, for awards that impact patient care, information and involve patient collaboration. Successful applicants have been awarded funds to develop their ideas which they will showcase at the annual scientific meeting in Oxford.

## BAOMS ANNUAL SCIENTIFIC MEETING 2024

Theme: *The Patients' Voice*

It gives me great pleasure to invite you all to the BAOMS Annual Scientific Meeting at the Oxford Mathematical Institute, 3rd - 5th July 2024. The theme of the meeting is the Patients' Voice with patients on discussion panels throughout the meeting. This year, there will be one pre-conference SORG free flap course at the anatomy department. There will be an AO morning educational session instead of masterclasses and the main ASM meetings will start at 9 am with no lunchtime industry educational sessions to give colleagues an opportunity to network and catch up with friends. The Mathematical Institute is close to the city centre with several hotels and Oxford Colleges offering accommodation nearby. All the social events will be within 10 minutes walking distance of this venue. I would suggest booking an accommodation early as it is a busy week in Oxford with Silverstone that weekend.

The Welcome reception will be held at Oxford's Natural History Museum which is a beautiful Gothic building, allowing you to have drinks and canapés with the dinosaurs. The Gala dinner will be held at Oxford Town Hall and will be a chance to dress up in glamorous outfits from your country of origin or your best ball gowns and DJs. My colleagues in Oxford will organise local inclusive social events which you can sign up to separately.

There will be three parallel educational events running alongside the ASM. On Wednesday, our SAS colleagues have organised an excellent program of speakers aimed at their specific educational needs. On Thursday, the Maxillofacial Prosthetists will run a similar all day programme and there will be a parallel Nurses day on Friday. Please can I ask you to share this information with your teams and encourage attendance at these parallel educational events, as these staff are not members of BAOMS. I hope that you will encourage your teams to attend the social events too. (See next page for details.)

AAOMS AWARDS SAN DIEGO

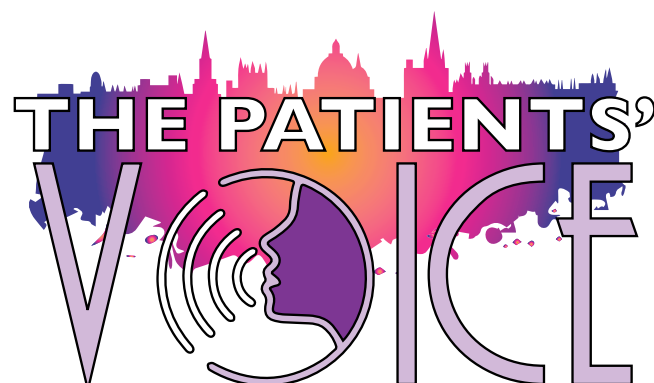

FRONT TO BACK NEXT TO HUNTER STATUE AT RCS LONDON FOR BAOMS PRESIDENTS' LUNCHEON ON 17 NOVEMBER 2023

Sat Parmar (2019) Daljit K Dhariwal (2023/4) Michael Awty (1986) Maire Morton (2010) Peter Leopard (1997) Peter Brennan (2016) David Barnard (2004) John LL Williams (2000) Ian Martin (2018) Andrew Brown (2007) Brian Avery (2005) Mark McGurk (2013) John Langdon (2005) Stephen Dover (2017) Peter Ward Booth (2006) Robert Bentley (2020) Robert Woodward (2011)

ANNUAL SCIENTIFIC MEETING  
03-05 JULY 2024

MATHEMATICS INSTITUTE / ANDREW WILES BUILDING  
UNIVERSITY OF OXFORD

**BAOMS ANNUAL SCIENTIFIC MEETING 2024****ONLINE ABSTRACTS SUBMISSION**

ePoster and free paper abstracts can be submitted online here.

The Call for Abstracts is now open and will close at noon (GMT) on 16 January 2024. Online registration will be available via the BAOMS website in 2024.

There will be special rates for BAOMS members who are Fellows in Training, Junior Trainees (OMFS DCTs, Foundation Trainees etc), BAOMS Students and Student Associates, IMPT members and OMFS Nurses.

**SOCIAL EVENTS**

WEDNESDAY 3 JULY 2024

**Welcome Reception**

1900 – 2030 at Oxford Natural History Museum. All registered delegates and exhibitors welcome.

THURSDAY 4 JULY 2024

**Annual Dinner**

Annual Black-Tie Dinner or Glamorous International Attire with music and an international disco at Oxford Town Hall.

1915 for 1930 to include pre-dinner drink, three-course meal with wine/drinks and disco.

**MEDICAL EXHIBITION**

The medical exhibition will run alongside the scientific programme. All coffee breaks and daytime catering will take place in the exhibition area. (Please contact the BAOMS office for details about the medical exhibition and sponsorship opportunities).

Platinum sponsor: **KLS martin**  
GROUP

Gold sponsors: **stryker** & **DePuy Synthes**  
THE ORTHOPAEDICS COMPANY OF **Johnson & Johnson**

Silver sponsors:

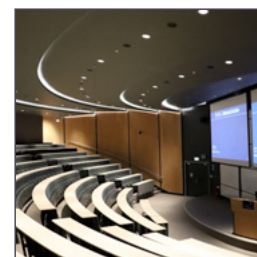

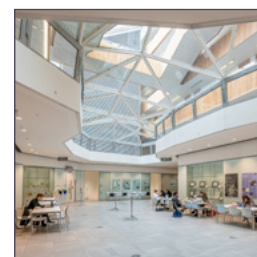

**B Braun, Materialise, Polynovo, Mercian Supplies, Zimmer Biomet**

Bronze sponsors :

**Integra, Interact Medical, Planmeca**

**Message from: Scarlett McNally ASM 2024 Speaker**

Both Deputy Directors of the Centre for Perioperative Care will be speaking at the BAOMS ASM 2024 about how to reduce complications and readmissions, improve outcomes, increase day surgery, get better team-working and save financial costs by using all the FREE resources and education at [www.cpoc.org.uk](http://www.cpoc.org.uk) - please sign up for newsletters and share links!

# FLEXFACS

The Online Training and Educational Resource for OMFS

[CLICK HERE FOR MORE](#)

FlexFacs is the innovative, online training and educational resource for speciality trainees in oral and maxillofacial surgery (OMFS), launched by the British Association of Oral and Maxillofacial Surgeons (BAOMS). Please visit the [Flex Facs resource pages](#) in the BAOMS members' area and also view the BAOMS ASM 2021, 2022 and 2023 presentations.

PETER BRENNAN  
CHAIR, BAOMS COUNCIL

## CHAIR'S REPORT

1) We continue to have a good relationship with both the GMC and GDC and are proposing to arrange a joint meeting with them and BAOMS to see what might be possible to help training options given the existing legislation and regulatory requirements. You may be aware that we were able to secure a policy with the GDC around registration requirements for dual qualified OMFS colleagues, which recognises Oral surgery as part of OMFS and therefore is regulated by the GMC. Essentially, OMFS colleagues registered with the GMC do not have to be registered with the GDC if they undertake oral surgery procedures in either primary or secondary care, though they cannot practice any dentistry if not registered with the GDC. The policy is available here: [GDC position statement on dual registration requirements \(gdc-uk.org\)](https://www.gdc-uk.org/gdc-position-statement-on-dual-registration-requirements)

However, the GDC have not been able to significantly change their position around temporary registered dental colleagues working in OMFS. The new wording around this is copied below:

*As for all GDC registrants, temporary registration allows registrants to practise dentistry only. Regardless of the extent of their overseas training, temporary registrants must only practise dentistry in their scope of practice and in line with the specific restrictions in their direction. We remind temporary registrants and any person involved in arrangements for approved posts that in the UK, oral and maxillofacial surgery is a medical specialty. Whilst temporary registrants may take up approved posts in OMFS departments, any activity undertaken in such posts must be appropriate to the training and scope of an oral surgeon.*

2) Following the success of a free **BAOMS funded illustrated book for medical students** published in 2022, BAOMS Council approved for a similar book to be published for dental students. This is being led by Nabeela Ahmed and is now at an advanced stage and should be published and freely available in the spring 2024. We will see whether the Dental Schools Council will be able to promote this across the UK in a similar way that the Medical School Council did last year.

3) Our differential attainment work has found that OMFS trainees have the lowest MRCS Part A pass rates across the specialties. ([Click here for paper](#)). Council agreed to fund £350 towards MRCS course expenses for our trainees. To date Council has approved funding for over 80 trainees. We are currently updating the application criteria and have put the initiative on hold until this is finalised.

4) Following a competitive selection and interview process, BAOMS Council recently appointed David Keith, Consultant OMFS in Sunderland, as Deputy Chair of Council from January 2024. David will take over from me as Chair in January 2025. On the same day, Rabin Singh was appointed as the new Deputy Editor of BJOMS and AdOMS.

5) Finally I wish to thank Council for their hard work, support and vision over the last year and we are looking forward to a productive year ahead.

Merry Christmas and a Happy New Year!

## QOMS QUALITY OUTCOME MEASURES IN ORAL AND MAXILLOFACIAL SURGERY

**DECEMBER 2023 UPDATE:** 2023 has flown by so quickly and we cannot believe it is already December 2023.

### QOMS PROGRESS

Twenty-three hospitals across England, Wales and Scotland have contributed to the registries in QOMS. Over the past year, the OMFS teams from Eastbourne, Dundee, Carlisle, Northampton, Derby and York have joined the initiative.

We have now collected over 8000 patient episodes of treatment in REDCap across our 6 core audits. This would not be possible without all the data coordinators and surgeons participating to the project. Thank you all.

Reporting outcomes remains at the forefront of the project:

- We published in February 2023 (revised in October 2023) the first QOMS report for the 2021-2022 period. Preliminary comparative data for outcomes in relation to the quality indicator metrics in the Oncology, Reconstruction and Non-Melanoma Skin Cancers registries were included in the report.
- In reporting of flap reconstruction outcomes in the Oncology & Reconstruction registry, we have specifically developed a Cumulative Sum (CuSUM) chart module for flap outcomes with Queen Mary University of London that plots longitudinally flap outcomes and associated risks in a CuSUM chart.

- There has been ongoing development in the design of dashboards for users. We have recently added a **Morbidity and Mortality 2022 vs 2023**, and a new Head and Neck GIRFT review dashboard is to be released by the end of 2023. Please contact us if you have any suggestions for new dashboards or to improve existing ones.

## NEW CONTENT IN QOMS

Following the publication of the QOMS report, the content of the Trauma, NMSC and Oral and dentoalveolar registries were updated.

We have made progress on the development of two new registries. The Salivary Gland Cancers registry was launched in October 2023 and the Rare Benign Lesions of the Jaws registry is due to be launched in December 2023, both were recently presented in the "Remembering Rare Diseases" day at the House of Lords, hosted by the Head and Neck Cancer Foundation (Professor Mark McGurk and team).

A new set of PROM for orthognathic surgery has been agreed and is currently being piloted at two hospitals. This new BAOMS

BOS Orthognathic PROM is a collaboration with the British Orthodontic Society (BOS).

We have developed two add-on modules for the QOMS Oncology & Reconstruction registries. One will capture outcomes for patient-specific implants for mandible reconstruction and the "Restorative dentistry / Oral rehabilitation for oncology patients" module will assess the timeliness of restorative dentistry services in the treatment of patients affected by oral / head and neck cancers.

### BAOMS QOMS Executive Team:

Clinical Lead: **Michael Ho**

Deputy Clinical Lead: **David Tighe**

Project Manager: **Fabien Puglia**

Find out more about QOMS in our newly **updated webpages**.

Follow us on Twitter (@BAOMS\_QOMS).

Facebook (BAOMS\_QOMS).

Merry Christmas and Happy New Year 2024 to everyone, Michael Ho (QOMS Clinical Lead), Fabien Puglia (QOMS Project Manager) and the QOMS Project team.

Participation to QOMS is open to every OMFS department in the UK. We welcome engagement from all OMFS units and the level of contribution can be tailored to the scope of each unit's practice.

Please contact us for more information: [baomsprojectmanager@baoms.org.uk](mailto:baomsprojectmanager@baoms.org.uk)

IAIN VARLEY  
HONORARY SECRETARY

## HONORARY SECRETARY'S REPORT

Welcome to Iain Varley as BAOMS Honorary Secretary who took over the role from Kanwalraj Moar in Summer 2023.

### ELECTIONS TO BAOMS COUNCIL

#### FELLOWS OF BAOMS

Following a recent nomination and election process for one vacancy for a Fellow on Council congratulations go to Montey Garg who will take up his three-year term on Council from 1st January 2024.

Our thanks to all the candidates, proposers and seconders who took the time to take part.

Many thanks to Alexander Goodson who now demits from his role as a Fellow on Council following a three-year term of office.

### DEPUTY EDITOR OF BJOMS AND ADOMS

Following an appointment process, congratulations go to Mr Rabin Singh who will become the Deputy Editor of BJOMS and ADOMS when Mr Panayiotis (Panos) Kyzas takes over the role of Editor from 1 January 2024. Many thanks and very best wishes to Mr Kaveh Shakib who demits following a successful 5-year tenure as the Editor. Thanks also to the BJOMS Editorial team.

### FELLOWS IN TRAINING REPRESENTATIVE AND DEPUTY

Amit Dattani was nominated and elected to the role of Deputy Fellows in Training Representative and will work alongside Adam Holden who takes over as Fellows in Training Representative in January 2024. Many thanks to Sirisha Duggineni who demits from that role in December 2023. Thanks to those who took part and voted in the process.

### DEPUTY JUNIOR TRAINEES AND MEMBERS' REPRESENTATIVE AND JUNIOR TRAINEES' GROUP CHAIR

Mairéad Kelly was nominated and elected and will take over as Deputy Junior Trainees and Members' Representative and Junior Trainees' Group Chair in January 2024, working alongside Richard Taylor who becomes the Junior Trainees and Members' Representative from January 2024. Our thanks to them for their contributions in these roles and to Danielle Britton who now demits from her role. Thanks to those who took part and voted in the process.

### RESULT OF THE ELECTION OF 65TH BAOMS PRESIDENT

Following a nomination and election process congratulations go to Bhavin Visavadia who has been elected as the 65th BAOMS President with term of office July 2026 to June 2027. Many thanks to all those who took part in the process of nominating and voting.

In line with the changes to the Mem and Arts in October 2021 the next BAOMS presidential handover will take place in July 2024 when Kathleen Fan will take up the position of 63rd BAOMS President and Patrick Magennis the BAOMS Vice President (taking up the Presidential role in June 2025).

## REPORTS FOR BAOMS ANNUAL SCIENTIFIC MEETING (ASM) AND OTHER MEMBER MEETINGS IN 2023

### BAOMS ASM 28-30 JUNE 2023 – KINGS PLACE, YORK WAY, NORTH LONDON

This year the BAOMS ASM was held in London at Kings Place from 28-30 June 2023 with a theme of Health and Wellbeing. During the meeting, the BAOMS AGM and Awards Ceremony took place on Wednesday 28 June and the Presidential handover, on Friday 30 June at the end of the conference.

The main scientific programme included Mr Peter Duffy MBE, who presented the President's Lecture entitled: NHS Whistleblowing – a personal experience. The Norman Rower Lecture was delivered by Mr Simon Fleming entitled: Challenging Culture.

There was a variety of themed sessions over the three days which included 'Things I wish I'd known before... I started a research career; I became a consultant oral surgeon and a session on overcoming adversity. There were also three Question Time styled sessions on skin cancer; research and orthognathic surgery and presentations on interests outside surgery: Animal husbandry, Sculpture and Wildlife Photography.

There were 72 free papers which ran in parallel to the keynotes and symposia over all three days and there also 152 ePoster abstracts. The Top 10 posters were on display on site

during the meeting. All accepted abstracts are published online in BJOMS (under the condition that the main author attends the meeting).

There was a welcome reception around the medical exhibition on Wednesday 28 June with a magician performing some very interesting magic tricks. The Annual Dinner, on Thursday 29 June was held at the Great Hall in Lincoln's Inn with the usual after dinner toasts and dancing to a live band.

There were three premium event sponsors: KLS Martin, DePuy Synthes and Stryker along with other exhibiting companies. We are grateful for their support of the BAOMS ASM. There was also a conference app which was well received.

Total overall onsite attendance in 2023 were 450 (377 members, 73 non-members) over the three-day event at Kings Place close to Kings Cross St Pancras in North London.

We also had a professional photographer and there is an online album:

<https://pnjphotography.jalbum.net/BAOMS%202023/>  
Password is **baoms23**

## REPORT OF 2023 JUNIOR TRAINEES CONFERENCE HELD 11/12 NOVEMBER 2023

**Richard Taylor**, 2023 Junior Trainee Group (JTG), Chair

The JTG have had a very successful year building on the momentum developed over the previous 12 months. We have had more JTG regional and university representatives than ever before meaning there have been more OMFS themed junior trainee events than ever before, promoting OMFS as a specialty and providing a supportive network of near-peers nationally. Our annual conference ran 10 -12th November in Sheffield. This was extremely successful with a record attendance of 176 delegates.

### Friday 10th November Pre-conference day

On the Friday, we ran a "pre-conference course" which was a full day programme themed around head and neck cancer. This limited course had 15 attendees and included 3 sessions each delivered by consultant faculty:

- 1) Airway masterclass: front of neck access, airway assessment, flexible nasoendoscopy.
- 2) Fibula masterclass: planning of mandibular reconstruction, planning dental rehabilitation, plate bending.
- 3) Microsurgery masterclass: microsurgical anastomosis: end to end, end to side, nerve repair.

### 11th & 12th November - Main conference

The venue for the main conference was the Mercure St Pauls hotel in central Sheffield.

We had unprecedented interest in attending the conference and sold out all aspects. Generous industry sponsorship in addition to a grant from BAOMS contributed to this being an extremely high-quality event promoting the specialty.

On a personal note I am extremely proud of the number of non-members and first degree students / foundation doctors we attracted to the conference (10% of delegates). Over 140 delegates were allocated places on the hands on workshops over the course of the weekend including trauma plating workshops and skin cancer workshops.

150 delegates joined us for the annual JTG gala dinner, hosted at the Mowbray. At the dinner we held a charity raffle, with prizes generously donated by sponsors. This raised over £1000 for Macmillan cancer support. Interest in OMFS has never been greater.

[jtgonline.org](http://jtgonline.org)

## FELLOWS IN TRAINING CONFERENCE 2023, LONDON ON 27 JUNE 2023

**Sirisha Duggenini and Adam Holden**,  
2023 Fellows in Training representatives on BAOMS Council

We had a successful conference held in London at the RCGPs in Euston Square, London on 27 June 2023 with 49 trainees attending in person and a further 5 attending virtually. A massive thank you to Professor Kerawala for agreeing to our last-minute request to have our conference alongside / the day before the main BAOMS ASM also in London. Report from Consultants' and Specialists Group (CSG) Study Day 7 December 20

## REPORT FROM CONSULTANTS' AND SPECIALISTS GROUP (CSG) STUDY DAY 7 DECEMBER 2023

Chair: **Suresh Shetty** and Deputy Chair: **David Keith**

The CSGs held a successful study day on Thursday 7 December in London at the Honorable Society of Lincoln's Inn. There

were a total of 45 attendees and the programme theme was Private Practice for the future.

Visit the [CSG webpage](#) for further information about the group.

## BAOMS MEMBERS' PRIZES AWARDED FOR ORAL PAPER AND EPOSTER PRESENTATIONS IN JUNE

We would like to offer congratulations to the following BAOMS members' prize-winners. We plan to award these prizes at the next BAOMS Awards Ceremony, which will take place on 3 July at the ASM in Oxford 3-5 July 2024.

**President's Prize 2023 – Fellows**

Awarded jointly/ equally to two Fellows:

Name of joint winner: **Ashraf Ayoub**

Title of abstract: *The surgery-first approach to orthognathic treatment; A paradigm shift in patient-management.*

Name of joint winner: **David Grimes**

Title of abstract: *Low-dose CT for orthognathic planning: can it deliver lower dose than CBCT?*

**Norman Rowe Clinical Prize for 2023 – Fellows in Training**

Name of winner: **Sieuming Ng**

Title of abstract: *Submental intubation in orthognathic surgery: a 17 year experience.*

**Paul Toller Research Prize for 2023 – Fellows in Training**

Name of winner: **Shadi Basyuni**

Title of Abstract: *TORN Face: Trial of Resorbable Versus Non-Resorbable Sutures in Traumatic Lacerations of the Face.*

**Associate Fellows Prize 2023- Associate Fellows**

Name of winner: **Louis Wheeler**

Title: *The Value of Temporal Artery Biopsy: A 3-year Retrospective Audit.*

**Junior Trainees and Members' Prize 2023– Members**

Name: **Will Raby-Smith**

Title: *A Retrospective Analysis of Speech and Hearing in Patients Receiving Surgery for Submucous Cleft Palate.*

**Best Clinical ePoster 2023 – all categories**

Name: **Jonathan Liew**

Title: *Leucocyte-Platelet Rich Fibrin: An Adjunct in the Management of Large Areas of Apical Pathosis in Oral and Maxillofacial Surgery.*

**Best Research ePoster 2023 – all categories**

Name of winner: **Jonathan Dennis**

Title of Abstract: *May the odds forever be in your favour. Competition trends at National Recruitment in Oral and Maxillofacial surgery.*

**Junior Trainees and Members' Poster Prize 2023**

Name of winner: **Keira Madden**

Title of Abstract: *Retrospective analysis of consent for major head and neck oncology surgery, a regional centre perspective.*

**Down Surgical Prize and BAOMS Surgery Prize for 2023**

We are also pleased to announce that, following the recommendations of the Endowments Sub-Committee, Council has approved to award the Down Surgical Prize jointly to **Carrie Newlands** and **Robert Bentley**.

The BAOMS Surgery Prize is awarded to **Andrew Schache**.

**BAOMS Trainer of the Year**

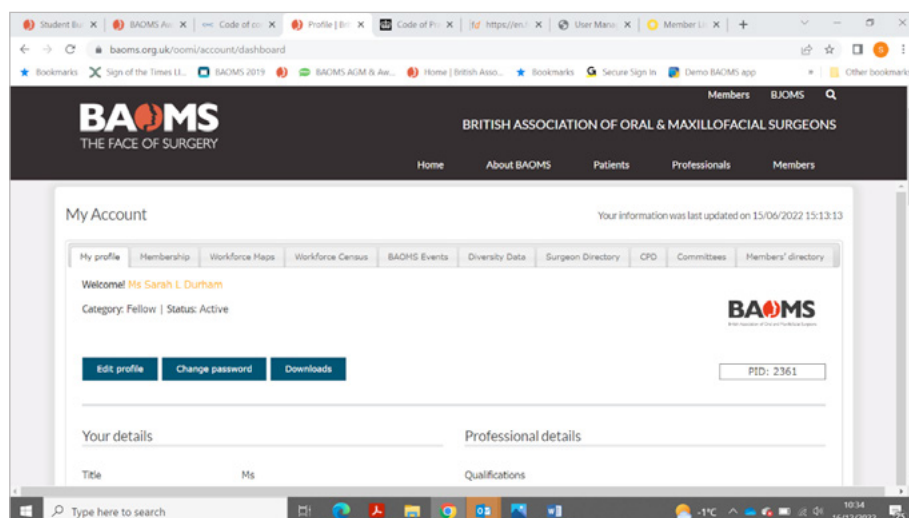

The award process will run again early in 2024.

**Intercollegiate Specialty Examination in Oral & Maxillofacial Surgery**

Congratulations to **Mr Danny R Adam** who was awarded the British Association of Oral and Maxillofacial Surgeons Gold Medal by the Intercollegiate Board in Oral and Maxillofacial Surgery for their outstanding performance at the Intercollegiate Specialty Examinations in Oral and Maxillofacial Surgery in Nottingham 1/2 March 2023.

## BAOMS MEMBERSHIP CATEGORIES AND EMAILS AND CONTACT FROM BAOMS OFFICE

Please ensure that your BAOMS membership category is correct and up to date. You can now manage your membership category, contact details and preferences online via the membership profile tab in the **members' area**.

Please also ensure that we have the correct email for you. In addition, note that usually, all contact from the BAOMS will come via the BAOMS office and will be accompanied by the BAOMS logo and state 'sent by BAOMS office'. Please email [office@baoms.org.uk](mailto:office@baoms.org.uk) if you would like further assistance.

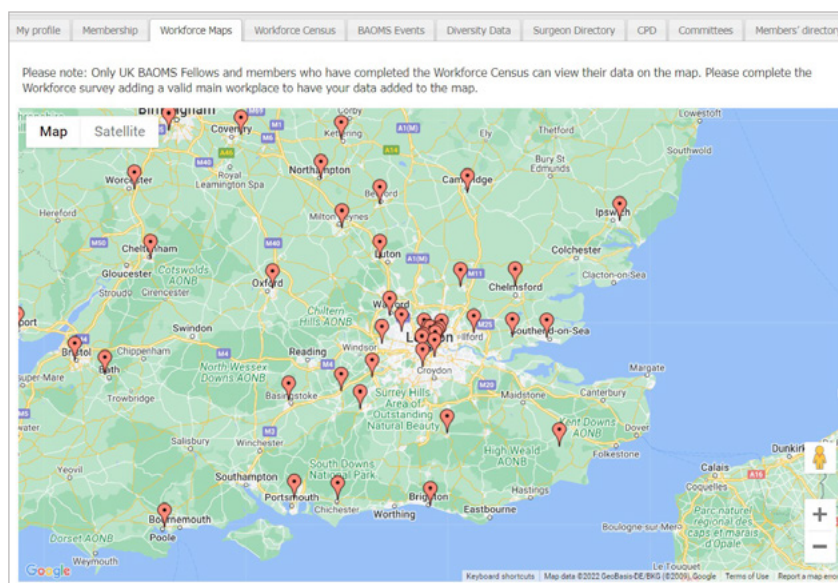

## BAOMS WORKFORCE MAP

BAOMS have recently added a workforce map in the members' area of the website. Here you will be able to click on a Hospital and find details including location, the OMFS RSPA and the names of colleagues who have filled out their workforce details.

To view the map please log in to the **members' area** of the website, click your details and then click the tab 'Workforce Maps'.

Once you click on a Hospital it will display all the information to the right. Please see screenshots.

If you cannot see yourself on the map or the details are incorrect please log in to the members' portal (below) and click the workforce census tab and here you will be able to update all your details. Don't forget to press the **update** button at the bottom of the page to ensure your details are uploaded to the map.

Please note: Only UK BAOMS Fellows and members who have completed the Workforce Census can view their data on the map. Please complete the Workforce survey adding a valid main workplace to have your data added to the map.
