

International Association of Oral and Maxillofacial Surgeons

Dear Colleague,

On behalf of the International Association of Oral and Maxillofacial Surgeons (IAOMS) and the Colegio Brasileiro de Cirurgia e Traumatologia Buco-Maxillo-Facial, we are delighted to invite you to the 24th International Conference on Oral and Maxillofacial Surgery (ICOMS) in Rio de Janeiro May 21 - 24, 2019.

Friends and colleagues, we need the strong participation and support from OMF professionals in your region for this premier event.

ICOMS is the premier international forum for research, theory and issues related to oral and maxillofacial surgery for surgeons, trainees and allied health professionals. We promise to provide you with an innovative and stimulating 4-day scientific forum showcasing the latest developments covering the scope of the specialty.

The conference will be held at the Windsor Barra Convention Center in Barra da Tijuca, a beautiful beach-side neighborhood west of Rio de Janeiro.

ICOMS offers the opportunity to network and socialize with colleagues from around the world. Join us at the Brazilian Cultural Night, where you will be surrounded by magnificent Carnival set pieces and enjoy an evening of dance and music in the tradition of Brazilian Samba and Carnival. The Gala Dinner promises a magical evening at the beautiful Casa das Canoas, a historic private home and gardens surrounded by the mountains of Rio. We encourage you to participate in our exciting social events!

If you have not yet registered, please join us! IAOMS members benefit from reduced registration rates, and we offer reduced dues and registration rates to those in eligible countries. We also offer the opportunity to pay registration fees in two installments.

Take advantage of the member rate by joining IAOMS or renewing your membership! For membership information, please contact Katie Cairns.

We look forward to bringing the OMF community together in the beautiful Rio de Janeiro! Please join us at the 24th International Conference on Oral and Maxillofacial Surgery. Register today!

Sincerely,

Prof. Alexis B. Olsson
