There are a limited number of rooms available at the Conference hotel at a cost of £88 per night Bed & Breakfast – based on single occupancy, which can be booked direct if required.
The hands-on modules you will undertake are,

**Orthognathic surgery planning**  
(Lead: Prof. A. Ayoub & Prof. B. Khambay)  
This includes hands-on 2D & 3D computerised prediction planning.

**Orthodontics**  
(Lead: Mr. P. Benington)  
Demonstration of the concepts behind pre- and post-surgical orthodontics in a variety of case scenarios using typodonts.

**Maxillofacial technology**  
(Lead: Mr. F. Walker)  
Basic model surgery planning, using contemporary model surgery and planning using an orthognathic face bow and an orthognathic articulator.

**Segmental osteotomies**  
(Lead: Dr. M. Leung)  
Planning and challenges of segmental maxillo-mandibular osteotomies.

**Surgical wafer fabrication**  
(Lead: Ms. E. Baird)  
Demonstration of 3D printed wafers.

**Psychology**  
(Lead: Dr. K. Kirkwood)  
Live psychological scenarios will be presented and their management demonstrated.

**3D & 4D facial capture**  
(Lead: Dr. X. Ju)  
Static and dynamic facial captures will be demonstrated & the analysis will be presented.

**Surgical tips**  
(Lead: Prof. A. Ayoub & Mr. K. Sneddon)  
Surgical techniques for maxillary and mandibular osteotomies and managing post-surgical swelling.
