

Aimee Rowe – BAOMS Student Bursary 2018 round

Now available on the e-Learning for Health website

eLogbook – eLfH Users Guides for OMFS STs and DCTs

eLogbook is the official logbook for ST training in OMFS/OS and the only logbook available

for DCTs. The two modules aimed separately at DCT and at ST trainees (ST1 and ST3).

The modules are complimentary to national induction and include:

What to do when you first start your training post

How to use eLogbook

Recording procedures

How to decide what level of involvement with specific advice

How to incorporate eLogbook data in your portfolio

Sources of further information e.g. where to access Indicative numbers for OMFS
